

~ Nevada Bureau of Mines & Geology ~

1. Great geology and mineral potential.
2. Many large producing mines, including high grade underground mines.
3. Mines operated by leading international companies.
4. Regulatory system with recent examples of rapid permitting.
5. Great infrastructure (roads, drillers, hotels, supplies, assayers, etc.).
6. Large areas of public land open to exploration.
7. Dry climate and year round access.
8. Network of knowledgeable exploration geologists, organizations and agencies.
9. Recent discoveries and new mines.
10. No malaria, black flies, moose, polar bears, desert death adders or crocodiles; **just elephants!**

***'...simply the best geology,  
geography and geo-politics in  
the world...with elephant sized  
Carlin-type gold deposits...!'***
